Dear Sir

Greetings from [Headstart Network Foundation!](#)

We are excited to share that **Headstart completes 15 years of volunteering to enable the startup ecosystem in India** and we are celebrating this with our annual summit, HSX making a return to the offline world, post Covid.

We have hosted around 2500 startup events in these 15 years, powered by volunteers from the ecosystem, who have been founders, corporates, investors and enablers.

We would like to take this opportunity to invite you to join us for [HSX2022](#), happening on Saturday, 15 October 2022 at Bangalore where we shall see about 1000+ startup founders, investors and enablers from across the country, joining us at our summit. This is an invite-only summit where we are handpicking startups and ecosystem enablers from across the country that shall benefit by attending this.

We have Nitin Kamath (ZeroDha), Shradha Sharma (YourStory), Prashant Pitti (Ease My Trip), Mukesh Kalra (ET Money), Sangeeta Bavi (Microsoft) and many more speakers coming to the summit.

Broadly, the overall summit will focus on the **Techade** of startups, highlighting the tech-driven growth of the **Indian startup ecosystem** in the past decade, focusing on non-metros startups and ecosystems as well.

Things that could be interesting for you and your community people:

-**Bharat Pitchathon finale** where 20 fundable startups pitch to **50 investors** (selected from 2500+ after having 28+ round across the country)

-Exclusive **networking opportunities** for enablers with corporates, the government, and various partners

-Curated workshop for enablers

-Curated Side event with partners will be there to explore starting from **October 12, 2022**

-**Pavilion of ecosystem players to explore and connect**

-**What to expect from the event:**

- 5k+ Registrations
- 50+ Speakers
- 1000+ Attendees
- 10+ State Pavilions
- 10+ Workshops

We would love to explore how we can engage in a deeper way to make your organisation more visible and add value to your objectives at HSX.
