Subject: Electives for Undergraduate students.

Sir/Madam,

You all are aware that National Medical Commission has implemented CBME to undergraduate and post graduate programmes. As part of curriculum implementation, undergraduate students has to complete two electives at the end phase III, before starting phase IV. The first CBME batch (2019) is completing phase III and students of this batch has to complete two elective postings of 15 days each. One elective from pre & para clinical departments and second from clinical department. The module of elective is already circulated to all departments and each department has prepared few electives. The students have to select the electives and complete within stipulated time. Attendance for elective is mandatory and no leave/absence of any kind is permissible.

Programme will start immediately after phase III summative examination. It is entirely responsibility of heads to monitor the elective programme and keep documents ready in the department for future inspections by National Medical Commission. Two conveners are appointed for smooth implementation of elective programme as follows:

The Elective program will commence from 1/3/2023.

Thanking you,

Yours faithfully,

Dean
